

Obj No	Geography - Year 7	Started (/) Completed (X)	Level Achieved
	Chapter 1: The Planet		
1	To find out how the Earth was formed and how life began.		1 2 3 4 5 6 7 8
2	To learn how life on Earth developed		1 2 3 4 5 6 7 8
3	To understand the Earth's history –the geological timescale.		1 2 3 4 5 6 7 8
4	To understand that humans have been on Earth for a short time, and how we spread around the world.		1 2 3 4 5 6 7 8
5	To look at some of the different places people live in.		1 2 3 4 5 6 7 8
6	To understand the Earth's place in the solar system and what the Earth is like.		1 2 3 4 5 6 7 8
7	To find out how natural processes and humans are changing Earth.		1 2 3 4 5 6 7 8
8	To find out how geography helps us to understand the world, and about different kinds of geography – physical, human and environmental.		1 2 3 4 5 6 7 8

Obj No	Geography - Year 7	Started (/) Completed (X)	Level Achieved
	Chapter 2: Maps and mapping		
1	To explore how we are connected to people and places all over Earth, and how this can be shown using maps.		1 2 3 4 5 6 7 8
2	To learn what a plan is, and what scale tells you.		1 2 3 4 5 6 7 8
3	To find out what mental maps are, and to draw a sketch map.		1 2 3 4 5 6 7 8
4	To compare a photo, a sketch map and a map drawn to scale.		1 2 3 4 5 6 7 8
5	To learn how to find places on a map using four- and six-figure grid references.		1 2 3 4 5 6 7 8
6	To learn how to find the distance between places on a map.		1 2 3 4 5 6 7 8
7	To learn how to give and follow directions, using North, South, East and West.		1 2 3 4 5 6 7 8
8	To learn what OS maps are, what they show, and how to use them.		1 2 3 4 5 6 7 8
9	To learn how height is shown on an OS map.		1 2 3 4 5 6 7 8
10	To learn about lines of latitude and longitude and how to use them to locate places on Earth.		1 2 3 4 5 6 7 8
11	To learn about the UK's main physical features		1 2 3 4 5 6 7 8

Obj No	Geography - Year 7	Started (/) Completed (X)	Level Achieved
	Chapter 3: About the UK		
1	To find out how we have divided up the British Isles.		1 2 3 4 5 6 7 8
2	To learn about weather patterns across the UK.		1 2 3 4 5 6 7 8
3	To find out how we are all descended from immigrants		1 2 3 4 5 6 7 8
4	To find out how population is spread around the UK.		1 2 3 4 5 6 7 8
5	To explore different aspects of the UK.		1 2 3 4 5 6 7 8
6	To learn about London and how its population has grown.		1 2 3 4 5 6 7 8

Obj No	Geography - Year 7	Started (/) Completed (X)	Level Achieved
	Chapter 4: Glaciers		
1	To find out what the UK was like 20 000 years ago, and why.		1 2 3 4 5 6 7 8
2	To find out which parts of the Earth are covered in ice today, and what glaciers are.		1 2 3 4 5 6 7 8
3	To find out how glaciers shape the landscape.		1 2 3 4 5 6 7 8
4	To get an overview of glacial landforms created by erosion, and to understand how corries, arêtes and pyramidal peaks are formed.		1 2 3 4 5 6 7 8
5	To understand how U-shaped valleys and hanging valleys are formed.		1 2 3 4 5 6 7 8
6	To learn about landforms created by glacial deposition – moraines, erratics and drumlins		1 2 3 4 5 6 7 8
7	To recognise glacial landforms on an OS map.		1 2 3 4 5 6 7 8
8	To explore the importance of glaciers today.		1 2 3 4 5 6 7 8

Obj No	Geography - Year 7	Started (/) Completed (X)	Level Achieved
	Chapter 5: Rivers		
1	To learn about the River Thames (England's longest river) and its journey from source to sea.		1 2 3 4 5 6 7 8
2	To find out what the water cycle is, how important it is, and how rainwater reaches the river.		1 2 3 4 5 6 7 8
3	To learn about the river's course from source to mouth, and have another look at the River Thames.		1 2 3 4 5 6 7 8
4	To find out how a river changes the land it flows over.		1 2 3 4 5 6 7 8
5	To find out about five landforms that rivers create.		1 2 3 4 5 6 7 8
6	To find out how we use rivers, with the River Thames as an example		1 2 3 4 5 6 7 8
7	To find out how we depend on rain from the water cycle for our water supply.		1 2 3 4 5 6 7 8
8	To learn what floods are, and what causes them.		1 2 3 4 5 6 7 8
9	To explore flooding on the River Thames in 2012.		1 2 3 4 5 6 7 8
10	To find out about how we can reduce the risk of flooding, and how we can protect ourselves from floods.		1 2 3 4 5 6 7 8

Obj No	Geography - Year 7	Started (/) Completed (X)	Level Achieved
	Chapter 6: Africa		
1	To compare Africa with other continents, and think about mental images of Africa		1 2 3 4 5 6 7 8
2	To find out about Africa's history, from the time the Europeans first arrived.		1 2 3 4 5 6 7 8
3	To get an overview of Africa		1 2 3 4 5 6 7 8
4	To find out about Africa's countries, capitals, and regions.		1 2 3 4 5 6 7 8
5	To learn about where people live in Africa.		1 2 3 4 5 6 7 8
6	To learn about Africa's key physical features		1 2 3 4 5 6 7 8
7	To learn about Africa's four main biomes.		1 2 3 4 5 6 7 8

Obj No	Geography - Year 7	Started (/) Completed (X)	Level Achieved
	Chapter 7: In the horn of Africa		
1	To meet the Horn of Africa, and find out what makes it a region.		1 2 3 4 5 6 7 8
2	To find out about the Horn of Africa's physical features.		1 2 3 4 5 6 7 8
3	To find out about the climate in the Horn of Africa, and how it influences farming.		1 2 3 4 5 6 7 8
4	To find out about coffee farming in Ethiopia.		1 2 3 4 5 6 7 8
5	To learn about the life of nomads in the Horn of Africa.		1 2 3 4 5 6 7 8
6	To explore salt mining in Ethiopia.		1 2 3 4 5 6 7 8
7	To find out about earning a living on the coast of the Horn of Africa.		1 2 3 4 5 6 7 8
8	To find out about Addis Ababa.		1 2 3 4 5 6 7 8
9	To learn about Djibouti, the smallest country in the Horn of Africa.		1 2 3 4 5 6 7 8
10	To explore some development data and compare the countries of the Horn of Africa with each other and the UK.		1 2 3 4 5 6 7 8

Obj No	Geography - Year 8	Started (/) Completed (X)	Level Achieved
	Chapter 1: Using GIS		
1	To learn about Doctor Snow, who used a map to help him find the source of a cholera		1 2 3 4 5 6 7 8
2	To find out that GIS is an exciting way to use maps – on a computer.		1 2 3 4 5 6 7 8
3	To explore a crime map and compare it with an aerial photo.		1 2 3 4 5 6 7 8
4	To learn two things about the data used in GIS.		1 2 3 4 5 6 7 8
5	To find out about some of the other uses of GIS.		1 2 3 4 5 6 7 8

Obj No	Geography - Year 8	Started (/) Completed (X)	Level Achieved
	Chapter 2: Population		
1	To discover how quickly our numbers are rising and why.		1 2 3 4 5 6 7 8
2	To find out that GIS is an exciting way to use maps – on a computer.		1 2 3 4 5 6 7 8
3	To find out how the UK's population has changed over the centuries.		1 2 3 4 5 6 7 8
4	To find out about population growth and life expectancy around the world.		1 2 3 4 5 6 7 8
5	To find out about the impact of our growing population on our planet.		1 2 3 4 5 6 7 8
6	To predict future population growth.		1 2 3 4 5 6 7 8

Obj No	Geography - Year 8	Started (/) Completed (X)	Level Achieved
	Chapter 3: Urbanisation		
1	To understand why more than half of all humans now live in towns and cities.		1 2 3 4 5 6 7 8
2	To learn about Manchester as an example of urbanisation in the UK.		1 2 3 4 5 6 7 8
3	To find out if Manchester kept on growing.		1 2 3 4 5 6 7 8
4	To compare urbanisation in the UK with urbanisation around the world.		1 2 3 4 5 6 7 8
5	To understand why people move from rural to urban areas today.		1 2 3 4 5 6 7 8
6	To know both the benefits and problems of living in urban areas.		1 2 3 4 5 6 7 8
7	To find out about life in the slums.		1 2 3 4 5 6 7 8
8	To learn about a brand new sustainable city in Abu Dhabi.		1 2 3 4 5 6 7 8

Obj No	Geography - Year 8	Started (/) Completed (X)	Level Achieved
	Chapter 4: Coasts		
1	To learn more about waves and tides.		1 2 3 4 5 6 7 8
2	To learn how waves shape the coastline.		1 2 3 4 5 6 7 8
3	To learn about the landforms which waves create along the coast by eroding and depositing material.		1 2 3 4 5 6 7 8
4	To find out about the many different ways in which we use the coast.		1 2 3 4 5 6 7 8
5	To find out about Newquay with the help of an OS map.		1 2 3 4 5 6 7 8
6	To find out how the sea can flood streets and homes.		1 2 3 4 5 6 7 8
7	To find out about rapid erosion in Happisburgh, Norfolk.		1 2 3 4 5 6 7 8
8	To find out how we can stop places from being eroded and flooded by the sea.		1 2 3 4 5 6 7 8

Obj No	Geography - Year 8	Started (/) Completed (X)	Level Achieved
	Chapter 5: Weather and climate		
1	To understand different kinds of weather.		1 2 3 4 5 6 7 8
2	To learn about how we measure weather; the devices we use and the units.		1 2 3 4 5 6 7 8
3	To learn about three different kinds of rainfall and two kinds of cloud.		1 2 3 4 5 6 7 8
4	To understand air pressure and the kind of weather high and low pressure bring.		1 2 3 4 5 6 7 8
5	To appreciate why our weather can change so quickly.		1 2 3 4 5 6 7 8
6	To find out about the storms that battered the UK one winter — and what caused them.		1 2 3 4 5 6 7 8
7	To learn what climate is and how to read a climate table and graph.		1 2 3 4 5 6 7 8
8	To understand why climate varies so much from place to place.		1 2 3 4 5 6 7 8
9	To see how climate varies around the world and then give reasons why.		1 2 3 4 5 6 7 8

Obj No	Geography - Year 8	Started (/) Completed (X)	Level Achieved
	Chapter 6: Our warming planet		
1	To appreciate that Earth has been cooling down and warming up ever since it formed.		1 2 3 4 5 6 7 8
2	To understand why temperatures around Earth are rising.		1 2 3 4 5 6 7 8
3	To understand why Earth's climates will change as temperatures rise.		1 2 3 4 5 6 7 8
4	To recognise how climate change is already affecting places, people and other species.		1 2 3 4 5 6 7 8
5	To recognise that the world's poorest people will suffer most from climate change.		1 2 3 4 5 6 7 8
6	To consider whether we can stop global warming, and if not what we can do.		1 2 3 4 5 6 7 8

Obj No	Geography - Year 8	Started (/) Completed (X)	Level Achieved
	Chapter 7: Asia		
1	To compare Asia with other continents in terms of its land area and population size.		1 2 3 4 5 6 7 8
2	To find out more about Asia's 49 countries.		1 2 3 4 5 6 7 8
3	To find out about Asia's history and its past links with Europe, including Britain.		1 2 3 4 5 6 7 8
4	To develop an overview of what Asia is like today.		1 2 3 4 5 6 7 8
5	To learn about some of Asia's key physical features.		1 2 3 4 5 6 7 8
6	To find out about Asia's population density.		1 2 3 4 5 6 7 8
7	To learn about Asia's wide range of biomes.		1 2 3 4 5 6 7 8

Obj No	Geography - Year 8	Started (/) Completed (X)	Level Achieved
	Chapter 8: Southwest China		
1	To take a broad look at China.		1 2 3 4 5 6 7 8
2	To understand that China has undergone huge changes over the past 40 years and is still changing today.		1 2 3 4 5 6 7 8
3	To introduce China's Southwest region.		1 2 3 4 5 6 7 8
4	To find out about Chongqing – the fastest growing urban area on the planet.		1 2 3 4 5 6 7 8
5	To find out what life is like for some people in the Chongqing area.		1 2 3 4 5 6 7 8
6	To learn about Southwest China's rich plant and animal life.		1 2 3 4 5 6 7 8
7	To find out about Tibet		1 2 3 4 5 6 7 8
8	To find out how Tibet is changing.		1 2 3 4 5 6 7 8
9	To find out how Tibet is changing.		1 2 3 4 5 6 7 8

Obj No	Geography - Year 9	Started (/) Completed (X)	Level Achieved
	Chapter 1: From rock to soil		
1	To find out what exactly rock is		1 2 3 4 5 6 7 8
2	To find out about the three rock groups and what makes them different.		1 2 3 4 5 6 7 8
3	To learn how the rocks at earth's surface are broken down over time.		1 2 3 4 5 6 7 8
4	To learn how rocks change over time from Sedimentary to metamorphic to igneous and back to sedimentary again.		1 2 3 4 5 6 7 8
5	To find out how the land which now forms the British Isles once lay at the equator.		1 2 3 4 5 6 7 8
6	To find out why the UK has so many mountains and so many different kinds of rock.		1 2 3 4 5 6 7 8
7	To explore how landscape varies with rock type.		1 2 3 4 5 6 7 8
8	To find out what soil is, how it matters to us and how it is formed.		1 2 3 4 5 6 7 8

Obj No	Geography - Year 9	Started (/) Completed (X)	Level Achieved
	Chapter 2: Living of Earth's resources.		
1	to find out what and where are earth's natural resources and to consider if there are enough.		1 2 3 4 5 6 7 8
2	To find out about one place where freshwater is not a renewable resource.		1 2 3 4 5 6 7 8
3	To find out what we can do about our growing demand for freshwater.		1 2 3 4 5 6 7 8
4	To find out more about our most precious natural resource.		1 2 3 4 5 6 7 8
5	To find out why desertification is a major problem in Earth's drylands.		1 2 3 4 5 6 7 8
6	To find out what we can do to fight desertification		1 2 3 4 5 6 7 8
7	To find out how oil is formed, where it is found and the problems caused by using it.		1 2 3 4 5 6 7 8
8	To find out where the different types of renewable energy sources can be found in the UK		1 2 3 4 5 6 7 8
9	To learn more about solar power and how it is being used around the world.		1 2 3 4 5 6 7 8
10	To find out how our increasing demand for earth's resources is affecting other species.		1 2 3 4 5 6 7 8
11	To find out what kinds fo work we do in the UK		1 2 3 4 5 6 7 8

Obj No	Geography - Year 9	Started (/) Completed (X)	Level Achieved
	Chapter 3: Earning a living		
1	To learn why some kinds of work are tied to a particular location, whilst others can be located anywhere.		1 2 3 4 5 6 7 8
2	To find out how and why the UK's employment structure has changed throughout the years.		1 2 3 4 5 6 7 8
3	To understand how Doncaster's changing employment structure has affected the town and surrounding areas.		1 2 3 4 5 6 7 8
4	To learn how employment structures differ between countries.		1 2 3 4 5 6 7 8
5	To find out why lots of factories have closed in the UK over recent years and where the jobs have gone.		1 2 3 4 5 6 7 8
6	To learn why most of the clothes bought in the UK are now made in other countries like Bangladesh.		1 2 3 4 5 6 7 8
7	To discover how workers in many countries-and in all four employment sectors-play a part in bringing us mobile phones		1 2 3 4 5 6 7 8
8	To discover how unequal our world is		1 2 3 4 5 6 7 8

Obj No	Geography - Year 9	Started (/) Completed (X)	Level Achieved
	Chapter 4: International development		
1	To explore what the term 'development' actually means		1 2 3 4 5 6 7 8
2	To find out how data is used to measure development and compare countries.		1 2 3 4 5 6 7 8
3	To find out more about Malawi.		1 2 3 4 5 6 7 8
4	To find out more about Singapore		1 2 3 4 5 6 7 8
5	To find out why some countries are much less developed than others.		1 2 3 4 5 6 7 8
6	To find out why people risk everything in hopes of finding a better life.		1 2 3 4 5 6 7 8
7	To consider how poverty can be ended.		1 2 3 4 5 6 7 8

Obj No	Geography - Year 9	Started (/) Completed (X)	Level Achieved
	Chapter 5: Our restless planet		
1	To find out what its like inside Earth		1 2 3 4 5 6 7 8
2	To find out how Earth's crust is divided into plates and what causes these plates to move.		1 2 3 4 5 6 7 8
3	To learn how plate movements lead to earthquakes, volcaninc eruptions and mountain building.		1 2 3 4 5 6 7 8
4	To learn what earthquakes are, how they are measured and the damage they can cause.		1 2 3 4 5 6 7 8
5	To learn why China is prone to earthquakes.		1 2 3 4 5 6 7 8
6	To find out how earthquakes can cause a tsunami.		1 2 3 4 5 6 7 8
7	To learnabout volcanoes and the damage an eruption can do		1 2 3 4 5 6 7 8
8	To learn how Iceland was formed and why it has so many active volcanoes.		1 2 3 4 5 6 7 8
9	To find out why so many people live near plate edges despite the dangers.		1 2 3 4 5 6 7 8

Obj No	Geography - Year 9	Started (/) Completed (X)	Level Achieved
	Chapter 6: Russia		
1	To find out more about Russia		1 2 3 4 5 6 7 8
2	To learn more about Russia's history		1 2 3 4 5 6 7 8
3	To know about Russia's main physical features		1 2 3 4 5 6 7 8
4	To find out more about Russia's different climate and vegetation zones.		1 2 3 4 5 6 7 8
5	To discover more about Russia's people.		1 2 3 4 5 6 7 8
6	To find out more about Russia west of the Urals.		1 2 3 4 5 6 7 8
7	To look at one large reason in Siberia		1 2 3 4 5 6 7 8
8	To find out how Russia is doing now.		1 2 3 4 5 6 7 8

Obj No	Geography - Year 9	Started (/) Completed (X)	Level Achieved
	Chapter 7: The Middle East		
1	To find out what, and where the Middle East is		1 2 3 4 5 6 7 8
2	To appreciate that there is more to the Middle East than just desert		1 2 3 4 5 6 7 8
3	To find out how climate affects the natural vegetation in the Middle East.		1 2 3 4 5 6 7 8
4	To find out how people are spread around the Middle East, and the ethnic groups and religions they belong to.		1 2 3 4 5 6 7 8
5	To find out more about this oil-rich peninsula in the Middle East		1 2 3 4 5 6 7 8
6	To learn why some countries in the Middle East are being torn apart by conflict.		1 2 3 4 5 6 7 8
7	To look more closely at one conflict in the Middle East.		1 2 3 4 5 6 7 8
